Red mats (Size: A3)

This is an innovative, non-slip bed table mat supporting the national 'Red Tray' nutritional awareness concept... but, unlike the conventional red tray, these are slim, easy-to-clean and designed to be left on the bed table 24/7 to raise and maintain staff awareness regarding nutritional and hydration needs of individual patients.

The design shown is already in use by East Kent Hospitals University NHS Foundations Trust, but we can produce other designs or sizes to suit your needs.

Bespoke photo mats (Size: A3)

We can print your bespoke design on the table top mats – the ideal way of getting your trust messages 'under the noses' of the people who you need to reach – the bed patients.

We can either print from your artwork or we can design to your bespoke requirements. Any colour, photographs or graphics, any logo you wish to include.

Please enquire about prices for bespoke photo mats.
